

## Paparazzi Glitz Yellow Petunia Petunia 'Paparazzi Glitz Yellow'

Height: 12 inches Spread: 14 inches Spacing: 12 inches

Sunlight: O

Hardiness Zone: (annual)

Group/Class: Paparazzi Series

## **Ornamental Features**

Paparazzi Glitz Yellow Petunia is clothed in stunning buttery yellow frilly flowers with white edges at the ends of the stems from mid spring to mid fall. Its pointy leaves remain green in color throughout the season.

## **Landscape Attributes**

Paparazzi Glitz Yellow Petunia is a dense herbaceous annual with a mounded form. Its medium texture blends into the garden, but can always be balanced by a couple of finer or coarser plants for an effective composition.

Paparazzi Glitz Yellow Petunia is recommended for the following landscape applications;

- Mass Planting
- Border Edging
- General Garden Use
- Container Planting
- Hanging Baskets

## **Planting & Growing**

Paparazzi Glitz Yellow Petunia will grow to be about 12 inches tall at maturity, with a spread of 14 inches. When grown in masses or used as a bedding plant, individual plants should be spaced approximately 12 inches apart. Its foliage tends to remain dense right to the ground, not requiring facer plants in front. This fast-growing annual will normally live for one full growing season, needing replacement the following year.

This plant should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is highly tolerant of urban pollution and will even thrive in inner city environments. This particular variety is an interspecific hybrid. It can be propagated by cuttings; however, as a cultivated variety, be aware that it may be subject to certain restrictions or prohibitions on propagation.

Paparazzi Glitz Yellow Petunia is a fine choice for the garden, but it is also a good selection for planting in outdoor containers and hanging baskets. It is often used as a 'filler' in the 'spiller-thriller-filler' container combination, providing a mass of flowers against which the thriller plants stand out. Note that when growing plants in outdoor containers and baskets, they may require more frequent waterings than they would in the yard or garden.
